

Music Program Scholarship application

Here at Our Lady of Mercy School, we don't want anyone to miss out on a quality music education especially because of finances. This application is intended for those with financial difficulties which may risk a child's participation in the music program. Please do not apply if you're just looking for a "discount" or a "free ride" when you could honestly and comfortably afford the full price of the activity fee.

Name of applicant: _____ school _____
Parent/legal guardian year: _____

Name of child: _____ grade: _____

class or instrument: _____ preferred contact number _____
or method: _____

Please indicate how much (if any) of an activity fee amount you are willing or able to reasonably commit to either on a monthly basis or otherwise:

\$ _____ every (how often) _____

There are several ways our program may benefit from your investment of time, effort & talent. Although finances are needed to run a successful program, things like supervision, additional instruction, secretarial, cleaning & arranging, manual labor, fabrication and repairs are also much needed. Please list below your areas of expertise or how else you might be able or willing to help.

Other ways I can help

We like to have two adults in the classroom at all times. Please list here days and times you would be available to be a room chaperone or, when are you free to help in general?

Availability

This is primarily for my records. Please do not decline your child's participation in the music program as we will grant scholarship regardless of what is filled in on this application. Only I and the Principal will know the details listed here. Prayer and spiritual support are always welcome and encouraged. Thank you for your interest in the music program.

BJ Humpal, band director

Final approval will be determined at a meeting with the Principal. Please indicate below any convenient times & days for an appointment.
